Getting the Spoil Out of the Forebay End of the New American Niagara Power Tunnel

Steam Shovels and Scrapers Lift Broken Rock from Mouth of 36-ft. Tunnel to Motor Trucks which pull up the 16% grade road out of the forebay to the power house level 75 ft. above.

In this issue: **Annual Meeting of the American Society for Testing Materials—Difficult Structural Work on A.T.&T. Building in New York—New Ship and Rail Terminals on the Mississippi—Large Steel-Frame Glass Wall Shop for the Santa Fe**

KREOLITE

List everything your factory floor *should* be, then see how completely Kreolite Floors meet *every* need.

And, you will be free from the floor troubles and expenses of the past, because:

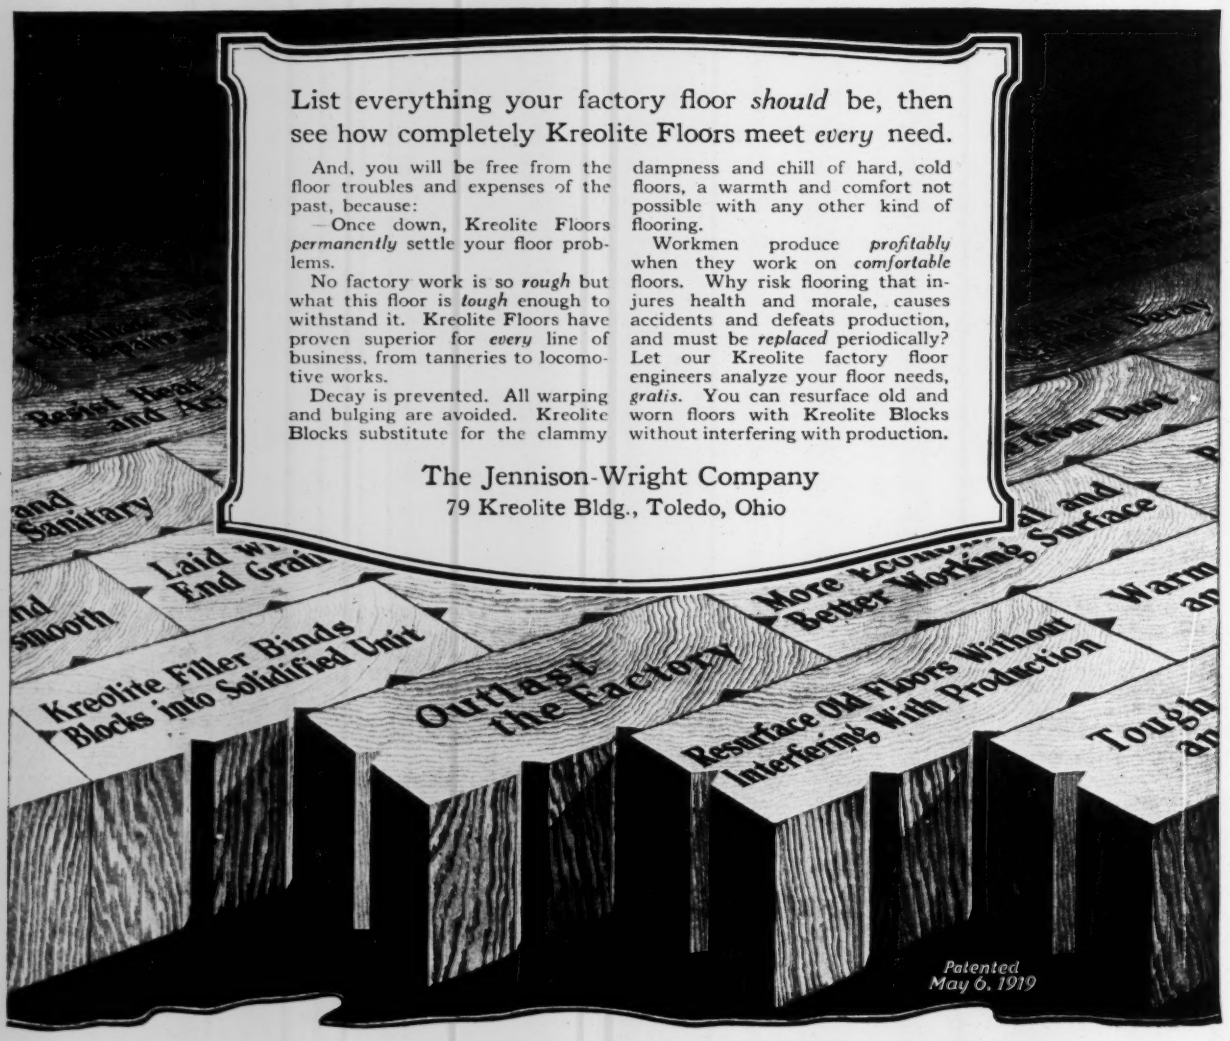
—Once down, Kreolite Floors *permanently* settle your floor problems.

No factory work is so *rough* but what this floor is *tough* enough to withstand it. Kreolite Floors have proven superior for *every* line of business, from tanneries to locomotive works.

Decay is prevented. All warping and bulging are avoided. Kreolite Blocks substitute for the clammy dampness and chill of hard, cold floors, a warmth and comfort not possible with any other kind of flooring.

Workmen produce *profitably* when they work on *comfortable* floors. Why risk flooring that injures health and morale, causes accidents and defeats production, and must be *replaced* periodically? Let our Kreolite factory floor engineers analyze your floor needs, *gratis*. You can resurface old and worn floors with Kreolite Blocks without interfering with production.

The Jennison-Wright Company
79 Kreolite Bldg., Toledo, Ohio



Kreolite Filler Binds Blocks into Solidified Unit
Outlasts the Factory
Resurface Old Floors Without Interfering With Production
Patented May 6, 1919

INDEX TO VOLUME 89

July 1 to December 31, 1922

July 6	1	to 46
July 13	47	to 88
July 20	89	to 128
July 27	129	to 170
Aug. 3	171	to 214
Aug. 10	215	to 256
Aug. 17	257	to 296
Aug. 24	297	to 336
Aug. 31	337	to 376
Sept. 7	377	to 420
Sept. 14	421	to 460
Sept. 21	461	to 500
Sept. 28	501	to 544
Oct. 5	545	to 592
Oct. 12	593	to 636
Oct. 19	637	to 680
Oct. 26	681	to 726
Nov. 2	727	to 774
Nov. 9	775	to 820
Nov. 16	821	to 866
Nov. 23	867	to 912
Nov. 30	913	to 958
Dec. 7	959	to 1005
Dec. 14	1006	to 1052
Dec. 21	1053	to 1098
Dec. 28	1099	to 1144

Page

Aar River, Switzerland, water power installation 489
Abitibi, see Ontario.
Abrams, Prof. D. A., on abrasion tests of concrete aggregates ..... letter 809
Abrasion tests, see Concrete, Aggregates.
Abutment walls, see Walls.
Accidents (see also Safety) decayed trestle cap wrecks bridge, kills 18 ..... n492
Dust explosion, see Dust.
Pipe collapses, 50-ft. section of 12-ft. wood pipe n1088
Prevention, campaign planned n331
Theater, prevention of (E. Godfrey) . letter 669
Accounting, for contractors, book review, 284
Time and payroll forms (W. N. Connor) 140
Acetylene torch melts pipe joint filler (G. C. Love) *1129
Achorutes viaticus cleans sewage filters... 752
Activated sludge, see Sewage Treatment.
Adding to knowledge e959
Adler, J., on asphalt grades n676
On experiment in asphalt paving, Philadelphia e501, 521
Advertising men, license advocated e337
Advertising signs, taxation of e821
Advice, obtaining by questionnaire e505
Aërators see Water Treatment.
Aerial photographs as plane-table sheets aid mapping (Maj. H. C. Fiske) .... *552. (P. J. Barry and H. C. Fiske) letters..1087
Aerial photographs by the engineer (F. H. Tibbetts) e960. *978
Aerial photography used in land reclamation *889
Aerial tramways serve mixing plant, Gilboa Dam (C. K. Traber) *604

AERONAUTICS

Airplane express service in California... n811
Airplane landing field, how to lay out and build (A. Black) e502. *504
Balloon, dirigible, experts to report on design n1137
Commercial flight e770
Dirigible balloon ZR1, committee studies n38
Gliders, a new promise in flight e337
Helium, cheaper 972
Photographs, aerial, see above, Aerial photographs.
Record non-stop flight e775
"Roma" disaster, buckling of Keel blamed n202
Affiliated Tech. Soc. of Boston formed.... n165
Africa, eastern, recent railway developments *400
Against public expenditure e821, n856
Agg. T. R., motor truck tractive resistances on road surfaces *982
Agricultural engineering, research planned.. n579
Agricultural engineers, to meet in St. Louis n811
Air, compressed, see Compressed air.
Air given spiral flow through sectionalized radiator n*1049
Air-grinder equipment, improvement n*293
Air line, blowing out condensed water in.. *1033
Airplanes, see Aeronautics.

Page

Akron, Ohio, street cleaning methods and costs (F. C. Tolles) ..... e502, '523
Zoning ordinance 517
Akron Barrow Co., strengthened wheelbarrow n*135
Alabama, improvement bonds passed..... n911
Alabama Power Co., Muscle Shoals lease renewed n671
New development n671
Alaska, Tanana River bridge nears completion *1135
Alberta, Can., southern, heavy rainfall (H. B. Muckleston) ..... letter 287
Alkali affects concrete, drain tile tests show Attack on concrete roads and building brick (I. Furlong) ..... *64. (H. C. Lott) letter 577
Allentown, Pa., one year's operatino of direct oxidation sewage works.... e638, 659
Alley, concrete, paving practice, Milwaukee 936
Aloe, A. S. Co., self-adjusting plumb bob n*1095
Alum, see Water Treatment.
Aluminum hydrate, concentrated colloidal coagulant discovered n293
Amarillo, Tex., considers irrigation district survey n331
Amer. Ass'n for Advancement of Science, Engineering Sec., meeting n1089

AMERICAN ASSOC. OF ENGINEERS

Chapter-at-large, membership provided for n718
Chicago Chapter to reopen classes..... n368
Committee on services and fees names subcommittees n1091
Convention in Norfolk in May..... n673
Employment service on self-supporting basis n1045
Joins Amer. Construction Council..... n120
Meeting, 1923, in Norfolk, Va..... n1090
Oklahoma Soc. joins..... n1043
Practice committee, work of..... e120
Seattle Chapter defended (G. Babcock).. letter, with editorial comment..... 451
Unemployment survey n411
Vocational selection to be investigated.. n250
Amer. Assn. of Port Authorities, meeting.. n82, n291, n536
Amer. Assn. of State Highway officials, meeting n716, n1041
Amer. Auto Ass'n. M. O. Eldridge made executive chairman n581
Amer. Concrete Institute, meeting, 1923, in Cincinnati n122
Convention program n1134
Amer. Construction Council, Amer. Assn. of Engineers joins n120
Board of Governors, meeting..... n37
Temporary executive secretary..... n536
American Falls dam, Idaho, financing progresses n905
Amer. Good Roads Congress and show n716
Amer. Inst. of Steel Construction, new name of Fabricators' Assn..... n953
Amer. Mathematical Soc., incorporation opposed n83
Amer. Pub. Health Ass'n. "Half Century of Public Health," book review 117
Levy, Dr. E. C., new head..... n*903
Meeting n453
Sanitary Engineering Section discusses sewage treatment n762
Amer. Ry. Bridge and Bldg. Assn., convention n763
Amer. Road Builders' Ass'n., executive committee meets n85
Constitution, ballots on revision sent.... n990
Meeting n716, e1005, n1043, n1048
Amer. Soc. for Munic. Improvements, meeting e593, 614, n627
Amer. Soc. for Testing Materials, Burgess, Dr. G. K., elected president..... *80
Meeting, twenty-fifth anniversary..... e2, 28
Meeting announced n856
Amer. Soc. of Agricultural Engineers, to meet in St. Louis n811

AMER. SOC. OF CIVIL ENGINEERS

And Federation, directors in favor.... n627
Annual meeting, plans for..... n1043
Ballot for officers, second..... n288
Board of Direction establishes quarterly meetings n36
Chandler, E. M., retirement as secretary.. e47, n*82
Dunlap, J. H., new sec. n*34
Fall meeting, water power the subject. n329, n454, n627, e637, n783
Irrigation division formed n673
Membership 10,509 ..... n857
New York Section, discusses relations of engineers and contractors..... n902
Takes up building failures.... e681, n716
Seventieth anniversary e729
Amer. Soc. of Mech. Engineers, Harrington, J. L., new president..... n992

Page

Amer. Telephone & Telegraph Bldg., N. Y. City, removal of three first-story columns (E. F. Weiskopf) *4
Amer. Trade Assn. Executives, meeting..n289

AMER. WATER WORKS ASSN.

Canadian Section, to meet at Windsor in 1923 ..... n83
Convention date and place fixed..... n1043
Iowa Section meeting n857
New York Section, meeting n288
North Carolina Section, convention..... n369, n951
Ammann, O. H., on Cooper's loading fitted to modern railway bridge traffic.. letter *577
Review of Steinman's treatise on suspension bridges 1080
Amusement riding devices safe (R. S. Uzzell) ..... letter 366
Mechanical, safety of (H. G. Traver)... letter 1040
Anchored bulkheads, see Bulkheads.
Andes, see South America.
Andrews, L. E., on construction of wide concrete road half at a time..... *1059
Angles, single, column strength of..... *1108
Anthracite, see Coal.
Antioch, Cal., city loses new move in water injunction suit n579
Antwerp, construction exposition..... n1094
Aqueduct, old, belated settlement (F. I. Winslow) *1105
Arbitrating contract clauses e258, 268
Arbitration court, New York State..... n291
Arch dams, see Dams.
Archer-mixer mounted on Ford truck.... n*413

ARCHES

Centering, an innovation in..... e638, *655
Concrete, boldly designed center for heavy arch e638, *655
Falsework, special trussed (M. Butler) *468
Skew barrel, thrust measured on laboratory model (W. H. Yates)..... letter 625
Skew, thrust, test arrangement for measuring *700
Volumes at jack-arch groins (G. Paaswell) *1024
Architectural drawing, book review..... 851
Areas computed mechanically by use of form (J. R. Jahn) *709
Areas of irregular figures, found with analytical balance (W. Wang) 896
Argonaut Mine disaster *734
Arkansas capitol, timber roof framing is 87 years old *61
Arkansas highways, see Highways, Arkansas.
Armstrong, W. W., on locating a curve with inaccessible P. I. in thorn-brush.. *804
Army camp builders sued by Government. e914, n948, n991
Army, U. S., Corps of Engineers, effect of pay bill n288
Corps of Engineers to utilize water transportation n370
Engineers visit Rio Grande..... n1135
Asphalt, grades, seven are ample says A. B. Fletcher.... n815, (J. M. Owens) letter 855
Highways, see Highways, Asphalt.
Prices affected by salt water in oil wells.n498
Roofing, see Roofs.
Asphyxiation by gas in a sewer manhole (R. A. MacGregor) ..... letter 577

ASSOC. GEN. CONTRACTORS

Ask release of 34,000 cars from coal preference n408
Contractors' insurance claims valid: A.G.C. to handle n1137
Convention, special train for..... n1134
Cowper, J. W., nominated for president n1137
Issue agreement form for rented equipment n165
Nominations n811
Offers prize for essay..... n990
To study concrete specifications..... e48, n80
Wood, W. E., president-elect, killed.... n*991
Work for model bill covering day labor.. n718
Astoria, Ore., fire, $15,000,000 damage... n1041
Atchison, Topeka and Santa Fé Ry., shop at Albuquerque, steel frame with glass walls *12
Atterbury Co. truck, heavy duty, new model n*723
Atwood, Col. W. G., on foreign woods to resist borers 714
On Jugo-Slavia plans railroads..... *1070
August rail earnings at low ebb..... 855
Aurora, Ill., C. B. & Q. track elevation on long concrete viaduct *1056
Austin Mach. Co. new dragline..... n*766
Austin-Western Road Mach. Co., "double-ender" for road greater blade..... n*677
Automobiles, see Motor Vehicles.
Avery Co., improved tractor..... n*955
Road grader improvements n*540

B

Page

Babbitt, Prof. H. E., on non-uniform flow and significance of drop-down curve in conduits *1067
Babcock, G. B., in defense of Seattle A.A.E. chapter....letter, with editorial comment 451
Backfill, trench, covered with concrete slabs *1127
Backwater suppression (H. von Schon) .letter 77
Baffles, see Hydraulics.
Balance, analytical, used in finding areas of irregular figures (W. Wang).....896
Baldwin reservoir, see Cleveland, Ohio.
Balloons, see Aeronautics.
Baltimore adopts one-branch council plan..n856
Fire, $4,000,000, in terminal n83
Water supply, raising Loch Raven dam. 20
Balt. & Ohio bridge protected from shifting river channel *884
Band saw, old, makes expansion joint holder 712
Banks protected against floods by rock-and-wire deflectors *801
Bannon Co., dissolver of chemicals under pressure n*541
Barber Asphalt Co., continuous asphalt roofing material Kettle.....n*125
Barbour, F. A., on buying pipe in winter..n721
Barges, concrete, war-time, used for river terminal *350
Barmouth, Wales, district and county taxes almost equal rent 1066
Barrett dam, see Dams.
Barry, P. J., on air photos as plane-table sheets aid mapping.....letter 1087, see also 552
Bartholomew, W. S., believes 1913 prices will never be reached n168
Bascom, H. F., on one year's operation of direct oxidation sewage works, Allentown, Pa. e638, 659
Bascule bridges, see Bridges, Bascule.
Batchelder, G. W., on winter pipe buying.n908
Bates experimental road, see Highways, Tests.
Batson and Hyde, "Merchanical Testing," book review 115
Batteries, dry, for blasting.....n997
Baxter, J. K., on Panama Canal capacity ample for at least 30 years.....e638, *648
Bay City Dredge Works, new dredge——n*497
New skimmer n*39
Baylis, J. R., on use of sulphuric acid with alum in water purification 351
Bayonne, N. J.-Staten Island tunnel, see Kill von Kull.
Beaches, pollution with oil and tar (C. M. Saville) 390
Bill to control n411
League formed n330
Bebarfald, M., see Joyce, W. E.
Bedell, E. W., protests against "sales engineer".....e1101, letter, 1132
Beechwood Ave. bridge, see Pittsburgh.
Belle Isle bridge, see Bridges, Belle Isle.
Belt conveyors and belt elevators, book review 1084
Bending moments in pins or shafts determined graphically (A. W. Winslow)....*568
Benedict, R. R., on marking system for Illinois state roads *596
Bennett, M. G., in defense of shingle roofs, letter 246
Bennett, W. B., on prices.....n334
Bent, A. S., biography *761
On engineer and contractor as partners 750
Berger, C. L., instrument maker, dies....n954
Berlin, Germany, fire-damaged concrete building restored *159
Besselievre, E. B., on design of sewage dosing tanks for trickling filters.....*652
Bessemer & Lake Erie Ry., tunnel eliminated without interrupting traffic *182
Besson, Maj. F. S., on asphalt grades....n675
On model of street intersection.....*1035
Bethlehem Steel Co. gets Philadelphia bridge tower contract n1043
Bids, encouraging gambling.....e645
Bids, sewage-works and pump equipment-bid plan, unique (G. D. Holmes) e1099, *1121
Bids, unit, recent n957
Bids wanted on big jobs.....n40, n294, n499, n726, n866, 911, n957, n998, n1097
Big Creek, see Southern California Edison Co.
Billings, A. W. K., on comparative heights of dams.....letter, with editorial comment, 1086
Binghamton, N. Y., building trades organized 941
Bins, all-steel, deliver measured batches to trucks n*863
Bird, S. E., on maintenance engineering in large industrial plants 1106
Bins, coal, see Coal bins.
Bissell, D. L., views on future wholesale prices and money supply n*126
Black, A., on how to lay out and build airplane landing field e502, *504
Blackwell, J. D., appointed city engineer of Seattle, Wash. n248
Blaeser, A. A., on replacing roller bearings and bed plates under bridge spans.....*302
Blaine, E. S., on emergency revetment on river diversion channel *442
Blanchard, C. J., on floating concrete dam on Gila River e822, *824
Blast, locomotive, see Railways, Locomotives.

BLASTING

Damages bridge pier, suit brought..... 932
Dry batteries for n997
Explosives used on construction.....n1093
Hazardous, over transit tunnel in East River, New York n164
Missed shot kills two on Hetch Hetchy, n81
Removing subaqueous ledge above rapid transit tunnel, East River, New York Col. E. Burr) *1021
Smokeless powder for blasting.....1120
Why center shots misfire 899
Blauvelt, L. D., new state highway engineer of Colorado n1044
Blaw-Knox Co., all-steel aggregate bins..n*863
Truck turntable for road construction.n*125
Blight infected chestnut wood, durability.. 514
Blinn, R. S., on railway locating.....e775, letter 780
On use of native timber bridges in county highways *709
Blocks, concrete, see Concrete Blocks.
Blowing out condensed water in air line..*1033
Boardman, H. W., denied extra compensation in Wales because of high taxes.....1066
Boardwalk, Coney Island, see Coney Island.
Boiler-wate, treatment on C. M. & St. P. Ry. (C. N. Koyl).....*560
Bolivia, state railways, Americans building *352
Six years in Bolivia, book review.....1083
Bombay, India, railway terminals to be improved *485

BONDS

Issues, election favors.....e821, n856
Municipal, see Cities, Bonds.
Prices in June irregular.....n127
Public representative sales n295
Sales for 11 months heaviest in 30 years n1097
Sales heaviest since 1892.....n499
Sales, ten months, heaviest since 1892..n865
September issues heaviest in 30 years.n679
Water-works, proper term for (C. W. Sherman) 1117
Bonus bill amended.....n453, correction 494

BOOKS

"Air-Rrefrigeration—Gas" 668
"Applied Colloid Chemistry" (W. D. Bancroft) 667
"Architectural Drawing" (Field).....851
"Assets of the Ideal City" (Fassett)...116
"Belt Conveyors and Belt Elevators" (Hetzel), review by H. T. Moore.....1084
"Berechnung und Entwerfen von Turbinen und Wasser-Kraft Anlagen" (Holl), review by L. F. Moody.....665
"Brown's Directory of American Gas Companies" 1084
"Building Contracts" (British) (Evans) 284
"Chemical and Bacteriological Examination of London Waters" (Sir A. Houston) 488
"Chemistry of Colloids and Some Technical Applications" (Taylor).....667
"Design and Construction of Dams" (Wegmann), new edition.....284
"Design of Masonry Structures and Foundations" (Williams) 487
"Dust Explosions" (Price and Brown).. 285
"Essays in Taxation" (Seligman).....115
"Gantt Chart, The" 487
"Half Century of Public Health" 117
"Handbook of Construction Cost" (Gillette), review by C. F. Dingman).....1081

"Principles of the New Economics" (Edie) 116
"Publicity Methods for Engineers".... 285
"Railroad Construction" (Webb).....1083
"Railway Electric Traction" (Carter).. 850
"Science of Purchasing" (Hysell)..... 284
"Shield and Compressed Air Tunneling" (Hewett), review by C. M. Holland. 849
"Six Years in Bolivia" (Guise).....1083
"Six-Place Tables" 666
"Smell, Taste and Allied Senses in the Vertebrates" (Parker), review by R. S. Weston 1081
"South Wales Regional Survey Committee Report" 850
"Structural Problems, Part I" (Young) 667
"Technical Exposition" (Thompson)... 851
"Textbook of Landscape Gardening" (Waugh) 117
"Theory of General Relativity and Gravitation" (Silberstein), review by G. Passwell 1082
"Town Theory and Practice" (Lethaby and others) 852
"Use of Rope and Tackle" 668
"Vector Calculus With Applications to Physics" (Shaw) 852
"Water Supply for the Country Home"..668
"Well and Spring Protection" 668
"Who's Who in Engineering" (Leonard) 282
"Young Man and Civil Engineering" (Swain), letter by H. L. Cooper.... 115
Booth, G. W., on high-pressure fire systems from underwriters' viewpoint a479
Borers, see Marine Borers.
Bosshard, A. O., on setting slope stakes..*1037

BOSTON, MASS.

City asks students' aid in solving city problems e913, 944
Planning, N. P. Lewis works on plan.... n36
"Port," book review 284
Societies affiliate n165
Water supply, high-pressure fire system (F. A. McInnes) a479
Making and testing valves (T. E. Lally) a479
Boundaries, see Surveys.
Boundary dispute, Oklahoma and Texas, engineering evidence given 15
Boxes, see Lumber.
Brakes, railway, see Railways, Brakes.
Brazil, calculation of bridge waterways in (G. Ribeiro) .....letter *534
Engineering congress.....n81, e422, n579
Six government engineers go.....n411
V. L. Havens attends n409
Exposition, American commercial exhibits, D. P. Robinson & Co. to build building n121
Breakers, pavement, see Cities, Streets.
Breakwater design, on Great Lakes.....*684
Breyer, F. G., on why paint galvanized sheets? .....letter 901, see also 759

BRICK

Buildings, alkali attack on (I. Furlong) .....*64, (H. C. Lott) letter 577
Concrete, A.S.T.M. committee report.... .....32, (G. K. Burgess) letter 246
Highway, see Highways, Brick.
Industry feels strikes n452
Manufacturers to meet n953
Prices advance slight compared with others n498
Tariff, hollow and common take same rate n168
Bricklaying, courses in, suggested..... n42
Brickwork, from building, stronger than laboratory analysis (R. P. Miller)..... .....*354, (L. G. Hall) letter 533
"Bridge Engineer" on highway bridge safety. letter 77
Bridgeport, Conn., city sued by contractor..n411
Bridge Builder, A., on bridge builders and highway bridges .....letter 533

BRIDGES (see also names of individual bridges)

Arch centers shifted by telescoping tower on scow *300
Auto unseats bridge n905
Bascule:
Los Angeles asks bids on heavy bascule n409
Scherzer Co. wins decision in Strauss case n163
Strauss suit against Seattle settled...n585
Beechwood Ave., Pittsburgh, see Pittsburgh.
Belle Isle steelwork placed by floating *149, n*717
Brooklyn, see Brooklyn Bridge.
Builders, and highway bridges (A Bridge Builder) .....letter 533
Carquinez Straits, see San Francisco Bay.
Chattahoochee River, see Bridges, Concrete.
Collapse, abutment crumbles (C. S. Stewart).....*238, (G. H. Pegram) letter 407
Columbus, Ga., see Bridges, Concrete.
Column tests, Delaware River Bridge... e959, *986
Concrete:
Arch rib and floor combined at crown.*235
Building five-span, in cold weather (G. F. Scales) *563
Built around old steel bridge, Chattahoochee River, Columbus, Ga. (S. B. Slack) *870
Continuous beam on hinged piers...*1029
Continuous-truss bridge without diagonals *926
Novel spandrels of concrete arch bridge, Porto Rico.....*981
Semi-removable centers for arches (H. G. Peterson) *142
Decayed trestle cap wrecks bridge, kills 18 .....n492
Design, Oregon City, some questions (R. W. Lincoln) .....letter 161
Fire protection studied n37
Floors, fire prevention ....e776, *796, (V. R. Covell) letter..... 989
Havre de Grace, bought by Maryland...n950
Highway:
Bridge builders and highway bridges (A Bridge Builder) .....letter 533
Collapse when struck by auto..... .....e1054, n1090
Concrete arch bridge and floor at Crown *235
Evil and a remedy e461
Georgia department, work of (S. B. Slack) *178
Hudson River, at New York and Poughkeepsie, see Hudson River.
Painting saves money 177

Page

Rondout Creek, see Rondout Creek.
State control necessary e461
Loads, see Bridges, Railway.
Locomotive blast raises bridge planks... n993
Lugs welded on suspension bridge cable clamps with thermit steel *897
Massive construction in anchorages and towers, Columbus, Ohio bridge (R. C. Cheney) *802
Mississippi River, at St. Paul, planned.. n859
Multiple arch, desired data on 1027
Newark Bay traffic case e423, n454
Old steel, auctioned by Indiana Highway Commission 986
Oregon City, see Willamette River.
Original thought (C. B. McCullough)... e727, *730
Painted by spray 75
Painting of highway bridges saves money 177

Cost and volume compared.....n*956
Courses in bricklaying and other building trades suggested.....n42
Details, wrongly devised (F. B. Lee)..*805
Encouraging gambling.....e545
Equipment exports.....n724
Explosives used.....n1093
Exposition international, at Antwerp..n1094
Foreign laws and construction work (A. J. Wolfe).....559
Industry since 1920.....n*124
Load curve charts save time.....*1015
Lost time committee urged.....e681
Lost time in (C. S. Hill)....e547, 548, 600, 645, e681, 697
Materials:
Book review.....668
Deliveries curtailed by car shortage..n456
Handling, book review.....1084
Prices.....n334
Production and stocks in 9 cities..n87
Production and stocks in ten cities..n254
Production and stocks....n458, n634, n818
Tariff on.....n374, n458
Transportation problem on Western power job.....*841
Unit bids, recent.....n957
Unit prices.....n336
Union rejects award by Jurisdictional Board.....n1051
Plant and methods, Ohio Univ. stadium (W. S. Hindman).....*882
Price inflation will prove boomerang, says Roosevelt.....n408
Rain and mud delays (C. S. Hill).....645
Stability in, price of.....e47
Trade a good business barometer.....n127
Unit prices.....n336
Unit bids, recent.....n957
Wastes will be cut by improved equipment, says Gen. R. C. Marshall, Jr...n907
Winter idleness (C. S. Hill).....600
Constructive criticism urged (H. A. Gerst)..... letter 1038
Construction Council see Amer. Construction Council.
Consulting engineer's advice by questionnaire.....e503

CONTRACTORS (see also CONTRACTS)

Accounting for, book review.....284
And engineers.....750, n902
And footing course (F. E. Sanborn).....*1130
Assoc. Gen. Contractors, see Assoc. Gen. Contractors.
Discuss equipment problems with manufacturers.....n631
Equipment, are new "styles" in demand?.....n815
Better maintenance and repair service. n1047, n1093, n1139, e1099
Exports.....n1048
Rented, A. G. C. issues agreement form.....n165
Standards, makers and users confer..n765
Insurance claims valid; A. G. C. to handle cases.....n1137
Railway work, more, for contractors (E. E. R. Tratman).....e683, 702
Small, clear reservoir at lowest cost....612
Visit to South America proposed.....n291
Warning to, on finances (T. Sheaban).....letter 946
"What is a contractor," prize offered for essay.....n990
Wrongly devised details that cut profit (F. B. Lee).....*805

CONTRACTS, see also CONTRACTORS.

Arbitrating clauses.....e258, 268
August, show gains over July.....n414
Building (British), book review.....284
Encouraging gambling.....e545
Factors not in the contract.....e216
Fifty, big, since March total $81,960,860.n169
Fifty, big, Sept.-Oct., total $82,540,907.....n819
First half of 1922, contracts exceed billion.....n126
Highway, practices.....e727, 749
July, 34% under June.....n208
June, heaviest since April, 1920.....n40
Large, let, n41, n295, n866, n911, n958, n998
November, 11% higher than in 1921...n998
October nearly equal September.....n768
Public in 1921 and 1920.....n334
September, higher than August.....n586
Twenty-five big, total $26,797,892....n375
Conveyor, light portable, for sand, stone and gravel.....n*1049
Conveyors, belt, and belt elevators, book review.....1084
Conveyors, portable, handle materials on concrete road job.....*894
Cookeville, Tenn., small municipal hydroelectric plant.....*1076
Coombs, R. D., on licensing.....471
Cooper, H. L., on licensing.....e338, 358
On Prof. Swain's "The Young Man and Civil Engineering".....letter 115
Cooper, T., Newburyport bridge construction praised.....e960, *973
Cooper's loading, see Bridges, Railway.
Copper sulphate, see Water Treatment.
Copco plant, see California-Oregon power plant.
Core walls, see Dams.
Coronado suit, see Labor, Coronado.
Corps of Engineers, see Army, U. S.
Corrosion, chemical and atmospheric differ. 522
Corrosion, electrolytic, see Electrolysis.
Of iron and steel.....28
Under oil, due to chlorides.....701
Corrosive water.....e422
Cost of living changes slowly.....n680
Cotten, S. M., on discharge of sanitary sewers, Phoenix, Ariz.....*837
On efficiency in city mapping....e297, *312
("Enquirer") on foundation pressures in multiple-arch dams.....letter 78
On improved valley gutter design.....*895
Coulter, W. S., on Hoboken water rates not increased.....letter 1086, see also n1043
Country home, water supply for.....668
Couper, W., temporary executive secretary, Construction Council.....n536
Courtenay, W. H., on licensing.....616
Covell, V. R., on bridge floor that resisted fire.....letter 989
Cowper, J. W., nominated for A. G. C. president.....n1137
Coyle, D. C., on length of columns.....*143
Cramer, W. S., on winter buying of pipe..n816

CRANES

And drag scraper clean up stockpile....*510
And shovel combined.....n*497
Crawler, Link-Belt.....n*167
Mounted on truck chassis.....n*373
Railroad, Wreck, largest.....n*909
Traveling bridge, for sewer construction materials (J. H. McGinn).....*138
Crawford, J. C., on third curve replaces two curves joined by tangent.....*1126
Crayton, G. A., see Conant, E. R.
Credit men's executive doubts business boom.....n678
Creosote, see Wood Preservation.
Cresson, B. F., Jr., advocates international co-operation in ports.....e822
To study foreign ports.....n205
Cresson, W. K., on piledriver on two greased poles.....*895
Criminal negligence hard to prove....e215, n248, (F. W. James) letter 327.
Criminals to "take up" engineering.....e913
Criticism, constructive, urged (H. A. Gerst)..... letter 1038
Cross-connections, see Water Supply.
Crushed Stone Assn., see Nat'l Crushed Stone Assn.
Culverts, calculations (G. Ribeiro)..letter *534
Costs of installing.....*1036
Failure and replacement for drainage district (W. F. Heath).....*967
Form, of sand (H. K. Palmer).....*138
Pipe, corrugated, jacked through embankment (P. F. Jones)....*321, correction 533
Replaced by flume in Skagit railroad..*744
Curves, locating, see Surveying.
Problems, two, solved (G. F. Syme)..
Railway, see Railways, Curves.
Templets, making (E. Low).....*712
Templets for, made of cardboard (H. D. Hurley)....*306, (E. Low) *712.
Cut and fill, see Excavation.
Cutter for wire rope....g.....n*633
Cutts, F. T., on winter buying of pipe....n816

D

Page

Dabney, A. L., on licensing.....e338, 357
Daily, C. M., on auxiliary submerged intake alongside tower.....*875
On cleaning a mixing conduit of lime deposits.....*695
Dairen, Manchuria, water works and filtration plant.....244, (O. C. Kerrison) letter 670.
Dallas, Tex., bonds bring premium.....n370
Water supply, engineers to review plans.n812
Damages due to party wall held not recoverable.....920

DAMS

Arch dam temperature changes and deflection measurements (F. A. Noetzli) *930, (W. Cain and F. A. Noetzli) .....letters 1038
Arch, Engineering Foundation to study.....n857, n902
Barrett, completion wins race with water.....*157
Camarasa, highest in Europe, building of (W. Ranney)....e257, *260, correction 354.
Collapsible across Maumee planned at Fort Wayne, Ind.....n906
Combined dam, sewer inlet and weir (R. E. Spear).....*518
Concrete, types and costs compared by models.....*114
Core-wall, construction in deep trench at Wanaque Dam (A. H. Pratt).....*92
For Reclamation Service dams.....*939
Dam is as high as it dams (D. W. Cole).....letter 946
"Design and Construction" (Wegmann), new edition.....284
Dry fill and hydraulic sluice methods on same dam.....*1073
Failure, at Willimansett, Mass., wrecks residence section (C. A. Latimer)..n*121
Floating concrete dam, Gila River (C. J. Blanchard).....e822, *824
Gibraltar, repairing spillway (R. A. Hill).....*798, correction 988
Gila River, floating concrete dam (C. J. Blanchard).....e822, *824
Height—how high is a dam?....e728, (E. Wegmann) letter, with editorial comment, 758, (D. W. Cole) letter 946.
Highest in world? (E. Wegmann).....
High Dam, see High Dam.
letter with editorial comment, 758, see also e728, (D. W. Cole) letter 946, (A. W. K. Billings) letter with editorial comment, 1086
Loch Raven, raising.....20
Louisville, see Ohio River.
Low, effect on flood stages and discharge (S. N. Whitman).....*738
Multiple-arch, foundation pressures in (S. M. Cotten, "Enquirer", G. S. Williams and A. E. Greene).....letters *78
Multiple-arch foundation presures in (E. Taylor).....letter *450
Ohio River, see Ohio River.
Porous foundation (C. J. Blanchard)..... e822, *824
Quebec, see Quebec.
Raising, Loch Raven dam, Baltimore..20
Sand pumped with hydraulic elevator on dam construction work.....*899
Sweetwater, siphon spillways function for first time.....*195
"Taintor" or "Tainter" gate....e129, (Fargo Eng. Co. letter) 247.
Wanaque, see Wanaque.
Danube-Rhine divide, unusual lift-locks proposed.....*724
Davis, J. V., on licensing.....470
Dappert, J. W., on future of Drainage Congress.....letter 900
Davis, Secretary, plan to reduce unemployment.....n1097
Davis, C. E., on buying pipe in winter....n721
Davis, D. D., on surface-treated gravel for light-traffic streets.....705
Dayton, Ohio, street paving cheaper (I. E. Houk).....n459
Dean, A. W., on reduction of asphalt grades.n632
De Berard, W. W., on Denver and Pueblo..*540
On engineering in Utah.....*363
On southeast corner of Wyoming.....*232
On southern Idaho.....*473
Decker, D. A., and Miller, J. O., on laying 30-in. submerged pipe for Norfolk water works.....*393
Definitions, making of.....e91
Deflectors, rock-and-wire protect banks against floods.....*801
Del., Lackawanna & Western, see Lackawanna.
Delaware River bridge, see Bridges, Phila.-Camden.
Sewage-treatment zones fixed by facing states.....e215, 243
